

MOHAMMAD DAR ISSA

ENERGY ENGINEERING

Mob: +962 79 00 82 465 E-mail: Mohammadqrt@icloud.com

OBJECTIVE

An energy engineering graduate, eager to implement energy related projects focusing on design, develop, or evaluate energy-related projects or programs to reduce energy costs or improve energy efficiency.

EXPERIENCES

- **Engineer at Green Source Investments (08-2020-03-2021)**

As an Engineer at Green Source Investments, I was responsible for the Design, Installation and Maintenance of solar panels. This has given me the opportunity to see firsthand how the process works since I was supervising workers and advising them on how to install the panels in the best way possible. Also, I was dealing with clients to discuss their needs and how to best meet them through our services.

- **Etihad bank (03-2020-08-2020)**

As an Intern at Etihad Bank in the corporates department, I was mainly responsible for convincing corporates to open account at the bank by offering them competitive packages. This was a very exciting experience since I acquired multiple skills which helped me greatly in the market. For instance, my debate and communication skills were essential for me to be successful in the position since I utilized them daily to convince customers to open their accounts. Moreover, I was dealing with the top management in the corporates I was contacting which gave me great exposure on how things work in the finance world. Lastly, I was introduced to multiple new topics in the finance world which broadened my insights such as the concepts of credit and debit as well as the treasury and investments as well as loans and credit.

TECHNICAL SKILLS

- AutoCAD
- PVsyst
- NI Multisim
- Microsoft Office
- Edge building app

SKILLS

Communication skills

Public speaking

Problem Solving

Decision making

Teamwork

EDUCATION

Bachelor's Degree Energy Engineering
Hussein Technical University
10/2017 – 02/2022

Graduation project was about energy auditing and applying Jordan Green Building Guide on porta-cabins, first we did level I and ii for energy auditing I, site visual inspection, data collection and reporting then for the porta-cabins since it's one of the company products, we applied JGBG on to make it more efficient and to make it environmentally friendly.

CONFERENCES, COURSES & ORGANIZING

- MIT-global teaching program (01/2016 – 01/2016) **Certificate from MIT University**
- Jubilee high school-Communication skills (01/2017 – 01/2017)
- Jubilee Model United nation (03/2014 – 03/2014) - **Conference**
- Jubilee Model United nation (03/2015 – 03/2015) - **Conference**
- Jubilee Model United nation as evaluator and admin staff (03/2016 – 03/2016) -**Conference**
- Eco conference (04/2014 – 04/2014)-**Conference**
- Economic forum (05/2016 – 05/2016)- **Conference**
- Princess Summaya University Model united nation (02/2018 – 02/2018) -**Conference**
- Youth military camp (03/2016 – 09/2016)- **Organizer**

VOLUNTEER EXPERIENCE (363 HRS)

- King Abdallah ii fund for development gaming lab (130 Hrs.) 06/2014 – 07/2014
- **Tasks/Achievements**
- helping kids with running computers
- Roman catholic church (150 hrs) 05/2016 – 05/2017
- **Tasks/Achievements**
- Cleaning and preparing for events
- New Think Festival (24 hrs) 09/2015 – 09/2015
- I-lead camp (20 hrs) 09/2013 – 09/2013
- Clean Your City (24 hrs) 2014
- Collecting Olive with School (5 hrs) 2013
- Zinc (10 hrs)
- 04/2016 – 05/2016

LANGUAGES

- Arabic (Native)
- English (Excellent)
