Languages

Good at English

Other Technical Skills

- AutoCAD
- Sketch-UP
- PV-syste
- Digsilent

Hobbies

- Writing
- Sketching
- Photography
- Design

Summary

I finished my Bachelor's degree in Energy Engineering from Al-Hussein Technical University within four years. I spent eight months as a trainee at Ezzat Marji Company in the Department of Renewable Energy and Energy Efficiency, my graduation project was about the 2030 energy plan and the use of energy storage technology.

Skill Highlights

- Project management
- Strong decision maker
- Complex problem solver
- Creative design
- Innovative
- Service-focused

Experience

Izzat Margi Group-Apprenticeship

Jun 2020-Feb 2021

- In the apprenticeship program, which is a university requirement, I spent eight months in the Renewable Energy and Energy Efficiency Department at Izzat Marji Company, in the Departments of Sales, Design and Supervision, and finally in Energy Efficiency.
- Design on-grid PV systems and simulate them on PV Syst
- Make recommendations and provide advice on the energy efficiency measures in older buildings.
- Prepare technical, and financial proposals for on grid PV system projects.

Education

Al Hussein Technical University-Energy Engineering

Oct 2017-Sep 2021 /Amman Jordan

- Al-Hussein Technical University is distinguished by its technical education through application in laboratories. I worked on more than program during my studies, such as AutoCAD ,Sketch-Up,Digsilent,PV-syset .

Certifications

2020, Renewable Energy Hackathon by the Norwegian Royal state.

2021, The 2nd National conference on water Energy Nexus.
